DATE:

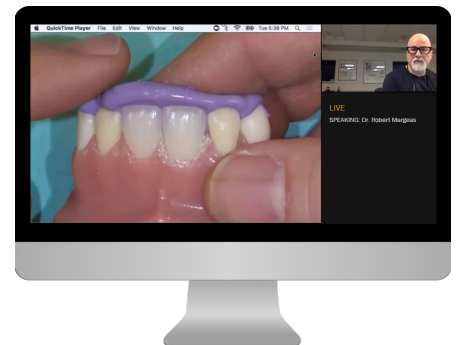

Tuesday, June 11, 2019
5:30pm - 8:00pm

LOCATION:

Clinical Research Dental
167 Central Ave, London, ON

ABOUT HANDS-ONLINE LIVE

Hands-OnLine LIVE is a new, innovative method of teaching hands-on dental courses via an interactive webinar format, LIVE. Every member of your group will have a model, instruments, restorative materials and accessories to perform each step of the Hands-On exercise. Utilizing this live webinar format, the instructor will review cases and demonstrate each step of the technique live, allowing ample time for participants to perform each step. There is an emphasis on the interactive feature of this format, allowing each participant to have the ability to ask questions and discuss the procedure, in real time, directly with the instructor.

In partnership with:

COURSE OUTLINE

This 2-hour hands-on course will teach you the principals of how to treat a midline diastema without the use of wedges or a matrix system. The step-by-step approach will teach you the pull through technique that will allow a perfect contact and contour without overhangs. This no preparation approach will simplify your life and help you create natural-looking restorations without removing tooth structure. This is truly augmentation versus amputation. Finishing and polishing will be demonstrated and performed by participants to prevent any marginal staining and white lines. This simple technique can add revenue to your practice and provide long-term restorations.

COURSE OUTCOMES & HANDS-ON LEARNING OBJECTIVES

CLINICIANS WILL LEARN:

- Learn how to use the pull through technique for tight diastema contacts
- Finishing and polishing technique to prevent white lines
- Learn the ideal technique for shade selection

WHO SHOULD ATTEND

General Esthetic Dentists and Restorative Hygienists

SPECIAL STUDY CLUB TUITION COST: \$149.95 +HST

Includes 2 CE Credits, light dinner and refreshments
(Tuition does not include the Hands-OnLine LIVE kit)

ABOUT THE SPEAKER Dr Robert Margeas

Dr. Margeas graduated from the University of Iowa College of Dentistry in 1986 and completed his AEGD residency the following year. He is currently an adjunct professor in the department of Operative Dentistry at the University of Iowa. He is Board Certified by the American Board of Operative Dentistry. He is a Diplomate of the American Board of Aesthetic Dentistry, a Fellow of the Academy of General Dentistry, American Society for Dental Aesthetics and International Team of Oral implantologists (ITI). He has written numerous articles on esthetic and implant dentistry, and lectures and presents hands-on courses nationally and internationally on those subjects. He is currently the Editor in Chief of Inside Dentistry, on the Editorial Board of Compendium, and is a contributing editor to Oral Health in Canada. His memberships include OKU Honor Dental Society, American Academy of Esthetic Dentistry, and the American Academy of Restorative Dentistry. Dr. Margeas maintains a full-time private practice focusing on comprehensive restorative and implant dentistry in Des Moines, Iowa.
