

DR. TERRY DONOVAN

CURRENT CONTROVERSIES IN RESTORATIVE DENTISTRY

Please join us

OCTOBER 12

FRIDAY 2018

LONDON CONVENTION CENTRE
8:30 AM – 4:30 PM

Please join us for a fun and informative day, as in addition to his extensive knowledge, Dr. Donovan is enjoyable to listen to with a great sense of humor.

This event is to celebrate the arrival of our associates Dr. Anu Bhalla, Endodontist, and Dr. Noorein Hajira, Prosthodontist.

DEADLINE SEPTEMBER 14, 2018

**Call: 519-438-0660, or
info@londonendo.com**

Full Day Seminar, continental breakfast, lunch, and 2 refreshment breaks. Register early as this will be a full house and space is limited.

**No charge for this event, which is eligible for
6 CE Hours in Category 3.**

THANKS TO OUR SPONSORS

The contemporary restorative dentist has an increasing evidence base to consult when making both treatment planning and therapeutic decisions. However, there are numerous areas of controversy where the evidence does not provide a clear answer without interpretation. This presentation will discuss several controversial topics related to restorative dentistry and attempt to provide guidance based on the best available evidence.

Topics to be discussed include:

1. The Restoration of Endodontically Treated Teeth
2. Tooth reinforcement with adhesive materials
3. Non-cariou Cervical Lesions
4. Cements and Luting Agents
5. Bonding of Zirconia Restorations
6. Pulp Capping: MTA vs. Calcium Hydroxide
7. Use of Contemporary Ceramic Materials
8. Implants

DR. TERRY DONOVAN received his D.D.S. from the University of Alberta in 1967, and practiced full time in Regina, Saskatchewan for 13 years. He received his Certificate in Advanced Prosthodontics from the University of Southern California in 1981. He was Professor and Director of the Advanced Education in Prosthodontics Program at USC from 1988 - 2006. He has been Associate Dean for General Practice and Executive Associate Dean for Academic Affairs at the University of Southern California, as well as the Chairman of the Department of Restorative Dentistry from 1984 - 1991, and 1994-2001. He is currently Professor and Section Head of Biomaterials in the Department of Operative Dentistry at the University of North Carolina, School of Dentistry at Chapel Hill. He has published extensively and has lectured worldwide on the topics of restorative dentistry and materials science. He is a member of the ADA, CDA, North Carolina Dental Society, CAIC, American Academy of Restorative Dentistry, a Fellow of the American College of Dentists, and an Honorary Life Member of the College of Dental Surgeons of Saskatchewan, The Association of Prosthodontists of Canada, The Canadian Academy of Restorative Dentistry and Prosthodontics, The American Dental Society of Europe, and the Western Canada Dental Society. He is past Chairman of the American Dental Association's Council on Dental Materials, Instruments, and Equipment.
